

WE'RE LOOKING FOR THE NEXT GENERATION OF PHILANTHROPISTS: YOU.

You've decided. You're ready. You want to make a difference at SickKids.
But for you, this is more than a decision to donate – it's a desire to
be involved. You want to be front and centre in deciding where your
donation will go, and what impact it will make. Engaged, active
philanthropy: it's what SickKids Innovators do. Join us.

Innovators

Impossible

WHAT DOES A SICKKIDS INNOVATOR DO?

COMMIT: a \$10,000 (minimum) investment over the course of two years.

ENGAGE: four inspiring networking events each year will inform and empower you. You'll hear personal perspectives on philanthropy from thought leaders in every sector. And you'll go behind the scenes at SickKids, where research and clinical leaders will update you on the hospital's highest priorities.

DECIDE: each November, SickKids Innovators vote, as a group, which project to fund.

WHY SICKKIDS?

SickKids is the hospital where medical advances make the most difference in people's lives – at the beginning. So your impact will be big. So far, Innovators have donated over \$1.5 million to priorities like the Pain Centre and the Centre for Image-Guided Innovation and Therapeutic Intervention.

WHY BE AN INNOVATOR?

IMPACT: in the fight for children's health, you'll make a direct, personal impact. And see your investment at work, thanks to insider access to top doctors and researchers.

NETWORK: with a diverse group of like-minded business and community leaders. And engage with SickKids senior volunteer leadership, such as the Board of Directors.
